Timely Tidbits . . .

Watch for Next Issue of TRN on July 28

As we did this time last year, the incredibly large staff of *The Romulus News* is taking an issue off for a little relaxation and a lot of catching up on paperwork. Watch for our next issue – which, incidentally, will mark the beginning of our eighth year of publishing "the little paper"—on Thursday, July 28, 1994.

City's Annual July 4th Celebration Is Sure To Be a Real Bang!

Once again, the City's annual Independence Day celebration will feature a glorious fireworks display, thanks to generous donations from local businesses (see page 3 for a complete list of sponsors). For more details about this community event, please see page 16.

Holidays Bring Potential Hazards

And, because holidays often go hand in hand with hazards, concerned citizens and businesspeople in the community have sponsored a special center-fold section (see pages 7–11) of "the little paper," filled with information on local laws regarding fireworks, tips on making your celebration a safe one, and a listing (for those who plan to be out of town for our nation's birthday) of fireworks displays across the State.

RHS Still Seeking History-minded Volunteers for Museum

The Romulus Historical Society is currently seeking volunteers to help out at the City's museum. Volunteers must be history-minded persons willing to work three hours per month on Sunday afternoons.

Help is needed in such areas asfiling, typing, assessing artifacts, on-site researching of the artifacts' name and date of origin, working on the genealogy files, dressing mannequins, sewing, dating period clothing, and similar tasks. Volunteers may select any one of the above areas if they qualify. Instruction will be provided when needed.

Interested persons may go to the Romulus Historical Museum, located next to the Post Office in downtown Romulus, any Sunday from 1 to 4 p.m., or call 942-2340 during the same hours.

New House Bill Would Establish Funds for Road Repair and Maintenance

The State of Michigan would be required to issue \$40 million to \$100 million in bonds for the purposes of repairing, resurfacing, and maintaining existing roads and bridges under legislation introduced in the House of Representatives last week.

Under House Bill (HB) 5653, sponsored by Representative Greg Pitoniak (D–Taylor), the money would be used to repair damages created by the exceptionally severe weather that we experienced over the past winter. The distribution of the bond revenue would be the same as the current Transportation Fund formula of 39.1% for counties, 39.1% for state trunkline, and 21.8% for cities and villages.

The current Michigan Department of Transportation debt service is just under 11%. However, the transportation budget bill allows the debt service to go up as high as 20%.

"State and local roads and bridges have suffered extensive damage over the winter months, and it is imperative that we take the necessary steps to correct that damage," said Representative Pitoniak, who chairs the House Economic Development Committee. "Right now, more than one-third of our highways are rated in poor condition and 38% of Michigan's bridges are rated structurally deficient, making our network four times worse than the National average. Such conditions are the direct result of a

lack of spending, and this has got to change."

Pitoniak continued, "Our transportation system is a lifeline of our economy, and we cannot afford to let it remain in such a deteriorated condition. We need to look ahead to the future of our state. Spending on infrastructure carries the added benefit of stimulating long-term welfare and growth for the years to come."

Pitoniak said that, though the bonds which would be issued under his legislation would be used only for specific purposes, all of Michigan's surface transportation is in need of repair. The Build Michigan program has only issued about \$260 million in bonds, despite being authorized to go much higher.

Romulus Woman Announces Second Try for State House of Representatives

Catalina Hall, a long-time Romulus resident and outspoken activist for women and children, will oppose incumbent State Representative Gregory Pitoniak in the Democratic primary on August 2. When queried as to why she has chosen to run a second time, after being defeated in the Democratic primary two years ago, Catalina (as she asked to be called) replied, "Someone has to step forward and fight for the rights of women to control not only their bodies but their homes, jobs, and families.

"I am very honest about what I am," Catalina continued. "I have children and a supportive husband. I've held many jobs, including some I have been 'let go' from because I wasn't the right color or sex. I have worked on a number of political issues from health care for teens to protection of our constitutional rights. I am not a career politician, but I am tough, bright, and educated on the issues."

Catalina also responded to criticisms that she dislikes men and is only concerned about women: "While I sometimes tell some humorous jokes and anecdotes about men, I deeply respect men of quality who understand that socalled women's issues are men's issues also. Men who understand that a real man does not hit anyone, who understand that any man who abuses, batters, or kills any woman or child should be punished - these are the kind of men attracted by my campaign. I was asked this question in other interviews, and one of the women on the 16th District Democrats' endorsement committee made the remark that 'No male candidate was asked if they supported women; why are we asking Ms. Hall if she supports men?'"

Catalina's children have all been in public schools, and she is a strong advocate of full, fair funding for each child. "I also believe in parent involvement," said Catalina. "Schools must strongly encourage each parent to come into the classroom or send home information on that parent's child on a regular basis, not just every 10 weeks with the quarterly report card."

As for her feelings about Proposal A, the recently-passed sales-tax increase for school funding, Catalina stated, "I opposed this plan from the beginning. Two years ago, my opponent put forward a six- or eight-cents tax for education. Sales taxes are highly unfair to single-parent families, women with little income, and seniors on a fixed income."

Due to some tragic and personal losses in her past, Catalina has, unfortunately, had many opportunities to deal with nursing homes, hospitals, doctors, death, and dying – and it has affected her outlook on the issue of assisted suicide: "My own idea of assisted suicide is that it is a last resort after all pain-management has failed in cases where there is absolutely no hope of recovery or no rational quality of life, and the patients are fully aware of what they are requesting. Government must recognize this fundamental human right."

On other subjects: "Aging is a feminist issue. By that, I mean that, as the population ages, it becomes more and more female. This is historical, not due to the feminist movement. But older women will have to be more careful regarding finances, social security, health care, nursing-home care, and the rights they will pass on to survivors.

"When you think of seniors and women who earn 70 cents for every dollar a man earns, you understand why I oppose pay increases for elected officials. If elected, I would follow the example of Representative Lynn Rivers, who is running for U.S. Congress, and return the pay raise to the people."

A review of Catalina's campaign literature shows that she has been an active member of the National Organization for Women (NOW) at the local and state level (including serving as past president of the Downriver NOW chapter and past chair of Michigan NOW's Abortion Rights Task Force), is on the board of the Detroit Chapter of the American Civil Liberties Union, and is a parent on the board of the Romulus Adolescent Health Center Advisory Council. She is a member of the Michigan Spanish Speaking Democrats, the Michigan Human Rights Campaign Committee, the American Association of University Women, and the Unitarian Church of Detroit. Catalina has also been selected as the Detroit NOW chapter's Feminist of the Year (1990) and received the Downriver NOW chapter's Downriver Women Making History Award (1993).

For more information, write to the Committee for Catalina, 28595 Leroy, Romulus, MI 48174, or call 941-1646.

Taxpayer Responds to Letter in June 17 Issue

Why do Environmental Disposal Systems, Inc. (EDS) and their puppet, Mr. Charles E. Griffiths III alias Charles Ray, have to resort to the tactics of character assassination just to get even with RECAP (Romulus Environmentalists Care About People) and myself? They have totally distorted the facts and picked up bits and pieces out of the gutter to attempt to smear my wife's good name. They have attempted to make my wife look like a common criminal. This is the furthest thing from the truth. My wife is a fine, honorable, hard-working mother of five children and a grandmother of five. She has always displayed high moral values and is of excellent character. Anyone who knows Helena knows she is not a person of violence!

What are Mr. Charles Griffiths III's alias Charles Ray's motives? Employees of EDS have gone to the 34th District Court to try to find something in my record to use against me, but there is nothing there. My wife and I have always lived within the law, and have been good citizens. Can Mr. Charles Griffiths III alias Charles Ray say the same? It is true that we do not reside in Romulus, but we paid almost \$6,000 in property taxes to the City of Romulus in 1993. Does this entitle us to our opinion about matters in the City? I came to Romulus in 1953, long before Charles Griffiths III alias Charles Ray was born. My wife and I resided in Romulus in 1957 when we were married. I have been in or around Romulus most of my adult life, and those who know us know we are not common criminals! We have been involved in many community activities (past president of the Romulus Rotary Club and Rotaryanns) and charitable functions.

Can I be held responsible for working for Buffalo Tank most all my life, and manufacturing and selling tanks that were built to legal standards that existed back then? Nothing illegal was done at Buffalo Tank during my employment years. During my early years at Buffalo Tank, I was a union steward and chief committee man. I held membership in the boiler-makers' local until I retired in 1985. Ask anyone who knows me if I am anti-union. This is an example of how wrong EDS' speech-writers can be. My comment was simply that it was scary to see the 50 to

60 people gather at the First of America Bank parking lot early on the morning of the election. I said it was like watching a Jimmy Hoffa movie! The fact of the matter is that it is scary to watch a large group of highly paid strangers come to your town and take over. EDS does not deny that they spent a lot of money to "protect their investment." Mr. Charles Griffiths III alias Charles Ray believed that EDS had the right to do anything to affect the outcome of the election, but we in RE-CAP had no voice in the matter. Mr. Charles Griffiths III alias Charles Ray calls me the choir director of RECAP. Well, at least I write my own material; I am not the Charlie McCarthy and Edgar Bergen Show.

Why has Mr. Charles Griffiths III alias Charles Ray changed his name? Is this his stage name for the conquest of the City of Romulus? Does he have something to hide? I am sure that the truth will surface someday.

Rumor has it that he is looking to be the first city manager for the City of Romulus.

My wife is absolutely not guilty of assault and battery. There were heated words exchanged in the lobby, but Mr.

Charles Griffiths III alias Charles Ray was not "body slammed" by my wife, as he states. There is no substance to this allegation. I would be so ashamed to make a statement such as that!

Mr. Charles Griffiths III alias Charles Ray made a police report, but it was closed, and no charges were filed. Mr. Charles Griffiths III alias Charles Ray described a woman wearing a white T-shirt and shorts with white, short hair. This is not a description of my wife.

Who was this mystery person? Or was she a figment of his imagination?

It is very sad that they have resorted to these tactics. Mr. Charles Griffiths III alias Charles Ray has stated that he is very worried about the financial condition of the City. I wonder why he is wasting the taxpayers' money with false accusations! Why can't he direct his efforts to something more meaningful and make a positive contribution to the community instead of aligning himself with these intruders who are attempting to divide the community? If Mr. Charles Griffiths III alias Charles Ray was a property owner and paid taxes to the City of Romulus, he would very likely want to protect his investment and would feel

quite differently.

My wife and I have been subjected to roofing tacks in our driveway, phone calls all during the day and night, and verbal abuse. Statements have been made that "they will get us any way they can." This is just another chapter in their operating manual of procedures.

My wife and I stand on our track record and our reputation. Can Mr. Charles Griffiths III alias Charles Ray say the same?

R.P. & Helena Lilly New Boston

Response to Accusations Made at Council Meeting

Mr. R.P. Lilly:

It has come to my attention that you are publicly accusing me of using an alias. This is a total and absolute malicious fabrication. An alias is a second, or subsequent, name, used concurrently with one's primary name. I have NEVER used the names *Ray* and *Griffiths* concurrently; therefore, I have not used an alias, as you emphatically state.

Further, I have at no time denied that my name from November 1965 to Sepcontinued on page 13

Legislative Update

For the Week of June 20, 1994

By State Representative Greg Pitoniak Plan Targets Your Child's Well-being

A children's support plan that provides tax credits to small businesses assisting employees with child-care expenses and creates a "Better Beginnings" program to insure low-income children not covered by private policies or government programs was recently announced by House Democrats. The children's initiative would also allow the Friend of the Court to obtain criminal-record information on parents through the Law Enforcement Information Network. Other important bills would create a Family Violence Hotline, pursue noncustodial parents who owe child support, and prohibit parents who are behind in child support from collecting life-insurance benefits.

Employers Freed of One Million Forms

Almost every Michigan employer and tens of thousands of workers claiming jobless benefits will be affected by recent changes made by the Michigan legislature regarding the State's unemployment insurance program. The creation of this program, which begins in January 1997, follows a year and a half of intense negotiations involving the Michigan Employment Security Commission (MESC), the Legislature, and representatives of MESC's employer and claimant customers. The House action means that Michigan will now join 48 other states that use the wage-record system to establish unemployment benefit claims for jobless workers. Michigan employers will no longer be required to complete forms (about one million annually) from MESC requesting weekly wage information. Immediately upon filing their claim, laidoff workers will know to how much they will be entitled in unemployment benefits, instead of having to wait several weeks. The Federal government will cover the cost of the conversion, which should reduce errors and fraud and result in annual savings of millions of dollars.

ported by the House Judiciary Committee last week. A person convicted of criminal sexual conduct in the first through fourth degree, or convicted of other offenses involving children (including production of child pornography, assault with intent to commit criminal sexual conduct, or second or subsequent incidents of indecent exposure), would have to register their conviction with the State Police. Local law-enforcement agencies would have to report the convictions to State Police to provide a central registry. The information would not be public. It would have limited release to law-enforcement officials and would stay in the system for 25 years on the first offense or for life for subsequent offenses. Registration information would include the individual's name and address, a brief summary of the individual's convictions, a recent photograph, and any other information that the department finds necessary.

Hey Romulus! Enjoy Your Holiday Weekend!

Ann & Don Pittman

Celebrate a Safe July 4th: Observe Fireworks Laws

By Dorothy Nesler

As we approach our nation's 218th birthday, *The Romulus News* would like to remind everyone of the State ordinance which defines both legal and illegal fireworks. Illegal fireworks found in the City of Romulus will be confiscated, held for evidence, and destroyed at a later date.

Remember: The purpose of this law is not to hinder your Independence Day celebration, but to make sure that your holiday isn't spoiled by an accident involving dangerous, illegal fireworks.

Section 750.243a (1a) of the Michigan Penal Code (Act 328 of 1931) defines "fireworks" as "... a device made from explosive or flammable compositions used primarily for the purpose of producing a visible display or audible effect, or both, by combustion, deflagration, or detonation..." This definition includes both Class B fireworks, which are illegal, and Class C fireworks, which are legal.

The legal, Class C fireworks consist of "... toy smoke devices, toy caps containing not more than .25 grains of explosive mixture, toy propellant devices, cigarette loads, trick matches, trick noise makers, smoke candles, smoke pots, smoke gre-

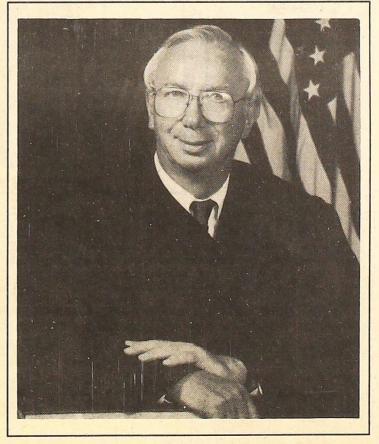

nades, smoke signals, hand signal devices, Very signal cartridges, spar-klers, explosive auto alarms, and other similar devices." [Sec. 750.243a (1c)]

Illegal, Class B fireworks are ". . . toy torpedoes, railway torpedoes, firecrackers or salutes that do not qualify as Class C fireworks, exhibition display pieces, aeroplane flares, illuminating projectiles, incendiary projectiles, incendiary grenades, smoke projectiles or bombs containing expelling charges but without bursting charges, flash powders in inner units not exceeding 2 ounces each, flash sheets in interior packages, flash powder or spreader cartridges containing not more than 72 grains of flash powder each, and other similar devices." [Sec. 750.243a (1b)]

Other illegal items include a blank cartridge, blank cartridge pistol, toy cannon, toy cane, or toy gun in which explosives are used; an unmanned balloon which requires fire underneath to propel it and is not moored to the ground while aloft; and firecrackers, torpedoes, skyrockets, roman candles, daygo bombs, bottle rockets, whistling chasers, rockets on sticks, or other fireworks that are of similar construction.

Enjoy a safe, happy holiday!

drinking

Fireworks. Parades. Barbecues. Fun. It's all part of a grand tradition that celebrates the birth of this great nation. But unfortunately, so is alcohol.

& driving:

One American Tradition You Can *Live* Without

Every year thousands of holiday revellers perish or are injured in alcoholrelated accidents all across America's highways. And that's the kind of legacy that nobody would actively choose to be a part of. Yet each time you drink and get behind the wheel of a car, you're taking a chance with your life, the life of your passengers or that of an innocent bystander.

This year, as we celebrate our freedom and independence, exercise yours by choosing wisely. Please don't drink and drive.

About Fireworks Safety

CAUTION...Incorrect use of fireworks can leave you injured, disfigured or worse yet, blinded! So before you "light up", please take a few moments to review these important safety tips with your family.

2. Fireworks should be placed on the ground or in a bottle, if possible when lighting. If it must be held, throw it as far and as quickly as possible.

3. Never pick up a "dud" until you KNOW it is not going to go off.

4. Never shoot or throw fireworks in the direction of others.

Adults should be sure to keep children a safe distance from the shooting area.

Have A Happy And Safe Fourth Of July.

ages five through 14.

The program operates from 10 a.m. until 3 p.m., Monday through Thursday, at various sites throughout the City: Barth, Halecreek, Merriman, and Wick elementary schools; the Civic League; the Coleman Center; and Fernandez Park, which is a shared responsibility in conjunction with the Romulus Housing Commission. There is an extra charge to cover the expenses of those activities. Arts-and-crafts sessions, softball, basketball, and other games, as well as surprise activities and swimming days, are in store for youngsters, as well. In addition, reinforcement/ substance-abuse-prevention programs operated through the Romulus Police Department's Drug Abuse Resistance Education (DARE) program, and educational programs presented by the Romulus Help Center will be scheduled at all sites. Sassy Seniors

By Mary E. Clark

Special thanks to Marilyn Hoffer, Senior Citizens Coordinator for the City of Romulus, and Barbara Schultz, Romulus Senior Center staff member, for contributing information to this issue's "Sassy Seniors" column. Call 942-6852 for more information.

Downriver Senior Olympics

Lincoln Park will be the host city for the ninth annual Downriver Senior Olympics, to be held August 8–12, 1994. This special program, open to Downriver men and women 50 years of age and older, will feature competition in four age categories: Class A (50–59), Class B (60– 69), Class C (70–79), and Class D (80 and up).

This year's competitive events will include tennis (mixed), golf (closest to pin), golf (best ball scramble), a frisbee toss, a softball throw, a softball tournament, ping pong, a basketball shoot, volleyball, bowling, lawn bowling, shuffleboard, swimming, horseshoes, billiards, darts, pinochle, euchre, bridge, and a baking competition. Medals will be awarded to the first-, second-, and third-place winners. Equipment will be provided for all events with the exception of golf, tennis, and bowling. (Balls will, however, be provided for the closest-to-the-pin competition.)

In case of inclement weather or insufficient registration, the Downriver Senior Olympic Committee reserves the right to cancel or postpone individual events. No refunds of fees (see below) will be made.

The last day of the Senior Olympics program (August 12) will be set aside for a banquet – open to all participants and guests—honoring the participants, medal winners, and sponsors. Besides great food, the banquet will feature a country-dance demonstration, live music, and other entertainment.

Registration for this year's Senior Olympics will be accepted at the Romulus Senior Center (36515 Bibbins) until July 19, 1994, at 4:30 p.m. Fees (\$2 registration fee; \$1 per-event fee) must be paid at the time of registration. Banquet tickets (\$10 each) may be purchased at the time of registration or from the Lincoln Park Senior Center no later than August 1, 1994.

Upcoming Special Events

Don't let the heat keep you down; keep busy by joining old and new friends for the following activities: lunch out at the Old German Restaurant (July 6), Southland shopping trip (July 7), Mt. Pleasant casino trip (July 8), potluck picnic (July 13), Old Testament Tabernacle tour (July 22), Senior Center yard sale (July 29), Wyandotte "Good Old Days" Fair (July 29), Monroe County Fair (August 3), and the Allen Park Arts & Crafts Fair (August 5).

Senior Center Still Seeking Coupons from Bill Knapp's Restaurants

As part of its efforts to enhance its audio-visual program, the Romulus Senior Center is collecting Community Support Points from Bill Knapp's restaurants toward a new television. Only 9,000 of the necessary 40,000 points have been collected, so why not dine at this fine restaurant the next time you're escaping from the heat of a summertime kitchen? Special Trips

Seniors interested in more information about this or other scheduled trips planned by the Romulus Senior Center may contact Marilyn Hoffer: 942-6852.

African Lion Safari – Fourteen seats remain on this truly exotic one-day senior tour, set for July 15. The \$59 cost of the trip includes round-trip motorcoach transportation, a barbecue chicken lunch, and admission to the African Lion Safari (featuring an African Queen boat cruise, elephant bathing, a birds-of-prey demonstration, a parrot paradise show, a trip on the Nature Boy scenic railway, a souvenir guidebook, a drive through the large-game reserve on the Safari Tour Bus, and an "afternoon delight" non-alcoholic drink or dessert).

Personal Transportation Service

The Romulus Senior Center has developed a personalized transportation program for senior citizens who have no other vehicle available to them. For a fee of \$1, seniors can arrange to be transported anywhere within the City limits in order to conduct personal affairs such as doctors appointments, banking, or shopping, and then be returned to their home. In addition, the program will encourage seniors to stop off at the Senior Center to participate in the Wayne County Nutritional Services Hot Lunch program.

The transportation service is available on Thursdays between 9 a.m. and 2 p.m. only, so Senior Center staff member Barbara Schultz advises seniors who wish to take advantage of the program to call and reserve their desired time slot as far in advance as possible. For more information, call Barbara (942-6852).

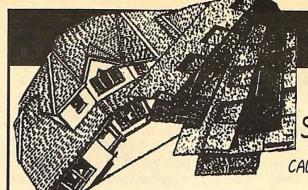

Summer Recess

The Romulus Senior Center would like to remind everyone that, during the months of July and August, its classes will be meeting on a limited basis; however, a variety of shopping trips, nights out, day trips, and extended tours will still be offered. Be sure to stop in or call periodically to find out about unannounced activities. The Center's regular activities will resume September 7.

Hot Lunch

For only \$1.50, Romulus seniors (age 60 and over) can enjoy a hot lunch at the Romulus Senior Center every weekday at 11:30 a.m. Call Pat (942-6852) 24 hours in advance for your reservation.

Edward E. Mahalak

Edward E. Mahalak of Romulus, Michigan, died on Wednesday, June 15, 1994. He was 72 years old.

Ed was born in Wyandotte, Michigan, on September 25, 1921, and married Delphine Kortas on August 10, 1946.

After serving in the 8th and 9th Air Force in Europe during World War II, Ed was discharged from military service in November 1945. Following his discharge, he joined Wyandotte's Veteran of Foreign Wars (VFW) post #1136, American Legion post #127, and Polish Legion post #7. Later, he became a lifetime member of Romulus VFW post #9568 and a member of Wayne's American Legion post #111.

In 1965, Ed was sworn in as a first-term State Representative for the new "seat #38" in the Michigan House, and was appointed as a freshman legislator chairman of the standing committee on Military and Veteran Affairs, on which he continued to serve (part of the time as chairman or vice-chairman) for a number of years. During the 1974 session, he was appointed to the powerful House Appropriations Committee.

Among the pieces of legislation introduced and sponsored by Ed were the reorganization of the Michigan National Guard, the Vietnam Bonus, and other laws dealing with veterans' problems.

In July 1984, Ed was honored by the Michigan Department of Military Affairs. His medal was presented by Major Gen-

eral Vernon Andrews. At that time, then-Governor of Michigan, James Blanchard said of Ed, "You are to be commended for all your initiatives on behalf of our citizen soldiers, and will be remembered for your efforts." Ed is among the very few civilians to receive such an award from the military.

Over the course of his 20 years as a state representative, Ed received many other awards and citations, as well.

Following a heart attack in April 1984, Ed's doctor advised him to slow down and avoid job stress. Ed officially retired from the Michigan Legislature on January 1, 1985.

Ed also served as a judge in Romulus for 10 years.

His memberships in community organizations included the Romulus Historical Society and Kiwanis International.

Ed is survived by his wife; son Gregory Mahalak (Oakland, CA); daughter Mrs. Carlo (Denise M.) Maki (S. Porcupine, Ontario, Canada); brothers Raymond (Grosse Ile, MI) and Louis Mahalak (Trenton, MI); and grandson Craig Maki.
